

## IREM South Africa Gauteng Chapter no.123 announces local relief fund

Good day,

2020 has presented our members, industry, and communities with unprecedented challenges. We are working as a community to listen, learn, and to overcome racial injustice, while navigating a once in a lifetime pandemic. IREM stands with our members, partners, and communities. Our goal is to equip our members with tools, resources, and support.

In response to the challenges faced by recent events, IREM South Africa Gauteng Chapter no.123 has launched a relief fund to support our community. The purpose of the fund is to support members who have been financially impacted by COVID-19, whether by layoff, illness, or illness of a family member, member dues relief where COVID-19 has prevented a member from paying dues, relief funds for local non-profits directly impacted by COVID-19, relief funds for small businesses directly impacted by COVID-19.

To support our community, the IREM Foundation will match the first \$1000 raised. This means every dollar you donate will go further in support of local charities, businesses, and IREM members affected by the pandemic.

**Can you join us by making a donation today?**

Thank you for the work you do.

Sincerely,

Saul Gumede CPM®

Your donation is tax deductible through the IREM Foundation and every dollar you donate will help support local charities, businesses, and IREM members affected by the pandemic here in Johannesburg.
